Testimonials from prominent physics researchers from institutions such as Cambridge University,

Princeton University, and the Max Planck Institute for Physics in Munich claim that quantum mechanics predicts some version of “life after death.” They assert that a person may possess a body-soul duality that is an extension of the wave-particle duality of subatomic particles. The Soul and Quantum Physics – The Last Frontier To further explore the possible nature of the soul in scientific terms, we can look into the heart of quantum physics. It has to be said at the outset that the study of quantum physics is a very difficult realm to investigate because the objects and forces that are studied by quantum physics are usually infinitesimally small. The Soul and Quantum Physics | Unariun Wisdom There are some researchers who attempt to use quantum physics to prove the existence of the human soul. As such, British physicist Sir Roger Penrose developed a quantum theory of consciousness claiming that human souls could ‘live’ in the structures called microtubules that are found inside the brain cells. The Science of the Human Soul: NDEs and Quantum Physics ... Yes, and it can be done using the principles of quantum physics, says research scientist and medical doctor Robert Lanza of Wake Forest University School of Medicine in the U.S. state of North Carolina. For Lanza, quantum physics can prove that death is an illusion, and that life creates the universe, and not the other way around. Quantum Physics and the Immortality of the Soul To further explore the possible nature of the soul in scientific terms, we can look into the heart of quantum physics.
